

## FOUNDER

Lillian (Thandi "loved one") was raised in various developing African countries (born in Zambia and grew up in South Africa) which instilled a passion in her for helping others, especially seniors. She credits this love for seniors largely due to the role her own (Ugogo "granny") played in raising her from a young age, carrying Thandi on her back, wrapped in a blanket tied across Ugogo's chest (as is custom in the Zulu tradition).

Most of the life lessons learned over the years, played a vital role in shaping Thandi's life and the courage to follow her dreams. Today, as a first generation immigrant, and proud owner of her Care Home, taking care of your loved ones as if they were her own Ugogo would be a privilege and an honor for Thandi.

As a RALS (Residential Assisted Living Specialist), Thandi has earned the highest level of professional certification in the industry.
